Search results

To search the OPAC you can either choose to enter your search words in the box at the top of the OPAC or click on the 'Advanced search' link to perform a more detailed search.

ONOTE

For more on searching check the Searching chapter in this manual.

Results overview

After performing a search, the number of results found for the search will appear above the results.

By default, the search results are sorted based on the OPACdefaultSortField and OPACdefaultSortOrder system preference values. To change the sort order of these results, you can choose another sorting method from the drop-down menu on the right.

Under each title in the results list, there will be a series of values from the record's leader (field 000).

ONOTE

These values have nothing to do with the item types or collection codes you have applied to your records or items. This data is all pulled from the record's control fields.

This can be turned on or off with the DisplayOPACiconsXSLT system preference.

Below each title, there will be the availability for the items attached to the record.

ONOTE

Even if you filtered on one library location, all locations that hold the item will appear on the search results.

• Warning

An item's hold status does not affect whether or not the item is 'available' until the item is in 'waiting' status. Items with on-shelf holds will show as available until a staff member has pulled them from the shelf and checked the item in make it show 'waiting'.

If any enhanced content system preferences are turned on, there may be cover images next to the search results.

If Did you mean? options are set, there will be a yellow bar across the top of your results will other related searches.

Search RSS feeds

You will be able to subscribe to your search results as an RSS feed by clicking the RSS icon in your address bar or next to the number of results. To learn more about what RSS feeds are check out this tutorial video.

Subscribing to search results as RSS feeds will allow you to see when a new item is added to the catalog in your area of interest.

Bibliographic record

When you click on a title from the search results, you're brought to the bibliographic detail of the record. This page is broken down in several different areas.

At the top of your screen will be the title and the GMD:

Below the title the authors will be listed. These come from your 1xx and 7xx fields. Clicking the author will run a search for other titles with that author.

Lists and the cart

A cart is a temporary holding place for records you're interested in finding during this session. That means that once you log out of the OPAC or close the browser you lose the items in your cart. A list is a more permanent location for saving items. To learn more about lists, check the Lists in the staff client chapter of this manual.

Lists

Patrons can manage their own private lists by visiting the 'your lists' section of their account.

Creating lists

Lists can also be created by choosing the 'New list' option in the 'Add to' menu on the search results

To create a list the patron simply needs to click the 'New list' link and populate the form that appears

	List name:			
	Sort this list by:	Title	•	
	Category:	Private	•	
	Permissions:	Do not allow	anyone else to ado	d entries. (The
owr	ner of a list is always a	allowed to add entries, but r	needs permission to remove.)	
		Allow	anyone to remove	his own
con	tributed entries.			
		Do not allow	anyone to remove	other contributed
enti	ies.			
Save	Cancel			

The only field required is the 'List name,' but the patron can also choose how they want the list sorted and if the list is public or private.

- A private list is managed by you and can be seen only by you (depending on your permissions settings below)
- A public list can be seen by everybody, but managed only by you (depending on your permissions settings below)

Important

If you aren't allowing patrons to create public lists with the OpacAllowPublicListCreation preference then patrons will only be able to create private lists.

Create a new list

- Finally decide what your permissions will be on the list. You can all or disallow:
 - anyone else to add entries
 - anyone to remove his own contributed entries
 - Note

The owner of a list is always allowed to add entries, but needs permission to remove.

• anyone to remove other contributed entries

Adding titles to lists

Titles can be added to lists from the search results and/or from the bibliographic record. On the search results options to add items to the list appear below each result and across the top of the results page

To add a single title to a list, click the 'Save to lists' option and then choose the list you'd like to add the title to. To add multiple titles to a list check the boxes on the left of the titles you want to add and then choose the list you want to add the titles to from the 'Add too' pull down at the top of the screen.

Viewing lists contents

To view the contents of a list, click on the list name under the 'Lists' button.

The contents of the list will look similar to your search results pages except that there will be different menu options across the top of the list.

To the right of the list title there is an RSS icon that will allow you to subscribe to updates to the list.

Using the menu options above the list you can place multiple items on hold, download the list contents, email the list or print the list out.

- To place a hold on one or more list items check the box to the left of the item and click the 'Place hold' link at the top
- To download the list contents click the 'Download list' link and choose the format you'd like to download the list in
- To email the list contents to someone, click the 'Send list' link and enter in your email details in the form that pops up

Cart

Adding titles to the cart

Titles can be added to the cart from the search results and/or from the bibliographic record. On the search results options to add items to the cart appear below each result and across the top of the results page

Clicking the 'Add to cart' button will add the one title to your cart. To add multiple titles at once, check the box to the left of each result and then choose 'Cart' from the 'Add to' pull down at the top of the screen. Once titles are added to the cart you will be presented with a confirmation

From the results you will see which items are in your cart and will be able to remove those items by clicking '(remove)'.

Managing the cart

Once you have titles in your cart you can manage the contents by clicking on the 'Cart' button usually found at the top of the screen. Your cart will open in a new window.

Finally you can print out the contents of your cart by choosing the 'Print' link.

In addition to the various different ways to save the contents of your cart, there are ways to add value to the data in your cart. By selecting one or more titles from the cart you can add them to a list (click 'Add to a list'), place hold(s) (click 'Place hold'), or tag them (click 'Tag'). All of these operations follow the same procedure as they do when performing them in the OPAC.

Placing holds

Patrons can place holds on items via the OPAC if they're logged in and you have the OPACHoldRequests preference set to 'Allow'. If the item can be placed on hold the option to place it on hold will appear in several different places.

• When viewing a list or search results page you'll see the option to place hold on multiple items by checking the boxes to the left of the results and clicking 'Place hold' at the top

• When viewing a list or search results page you'll see the option to place the item on hold below the basic information about the title

• When viewing an individual title you'll see the option to place a hold in the box on the right side of the screen

No matter which of the above links you click to place your hold you'll be brought to the same hold screen.

- By default holds placed in the system remain until canceled, but if the patron fills in a 'Hold not needed after' date then the hold has an expiration date.

• Important

Expired holds are removed by the expired holds cron job, this is not an automatic process and must be set up by your system administrator

• If allowed by the OpacHoldNotes preference then patrons can leave notes about their holds for the library by clicking the 'Edit notes' button

Requesting recalls

If your library accepts recalls (see setting up recalls for more information), patrons will be able to place recalls on items.

The option to request a recall appears in various places in the OPAC:

• In the results list after a search, the 'Place recall' option appears at the bottom of each recallable result.

• In the detailed record. the 'Place recall' option appears on the right side of the screen (or bottom in mobile view) in the options

Either of those links will lead to the recall form.

- Recall not needed after: if the patron not need this item after a certain date, they can enter it here. The recall will be automatically expired (with the expire_recalls.pl cronjob) after that date.
- Recall next available item or Recall a specific item: the patron can choose to recall any item or a specific one. If they choose 'Recall a specific item', they will be asked to select the item in the list.

Once the patron confirms their recall request, they will have get a message saying the the patron who currently has the item will be notified. The request will be added to the recalls tab in their account summary, as well as in their recall history list.

Tagging

Depending on your settings for the TagsEnabled, TagsInputOnList and TagsInputOnDetail preferences you may be able to add tags to bibliographic records from the search results and/or bibliographic records. If you are allowing patrons to add tags from the search results screen you will see an input box below each result and a 'Tag' option at the top of the screen.

Custom RSS feeds

Using the RSS feeds cron job you can generate an RSS feed for any SQL query (for example a new acquisitions RSS feed). The cron job is run on the command line to produce an RSS XML document.

The output should be placed in a directory accessible to the OPAC (or staff) web interface so that users can download the RSS feed.

An example of usage can be found at: misc/cronjobs/rss.pl lastAcquired.conf

Normally the RSS cron job should be run periodically (e.g., daily) to keep the feed up-to-date.

The configuration file (e.g., lastAcquired.conf) lists

- name of the template file to use
- path of output file
- SQL query

The RSS cron job runs the SQL query, then feeds the output of the query through the template to produce the output file.

Important

To use custom RSS feeds you need to turn on the RSS cron job.

OPAC self registration

If you allow it, patrons can register for their own accounts via the OPAC. If you have the PatronSelfRegistration preference set to 'Allow' then patrons will see a link to register below the log in box on the right of the main OPAC page.

Log in to your account:

When the patron clicks the 'Register here' link they will be brought to a registration page. The options on the registration page can be controlled by editing the PatronSelfRegistrationBorrowerMandatoryField and the PatronSelfRegistrationBorrowerUnwantedField preferences.

Once the patron has confirmed submitted their registration they will either be sent an email to confirm their account (if you have the PatronSelfRegistrationVerifyByEmail preference to require this) or presented with their new username and password. If the

PatronSelfRegistrationPrefillForm system preference is set to 'Show and prefill', they will be presented with the prefilled login form.

Registration Complete!

You have successfully registered your new account. To log in, use the following credentials:

Username: koha.library Password: hpxFJcNcju

For your convenience, the login box on this page has been pre-filled with this data. Please log in and change your password.

Patrons registered in this way will not have a cardnumber until assigned one by the library, but will have access to all OPAC functionality immediately. For this reason it is recommended that you:

- set up a provisional patron category for self registered patrons (such as 'Self Registered) instead of using an existing patron category and set that value in the PatronSelfRegistrationDefaultCategory preference
- give this patron category minimal circulation privileges in the circulation and fines rules (such as allowing a couple holds, but no check outs)

That way patrons will either have to come in to the library to verify their identity before given a cardnumber and the ability to check items out or the library will have to come up with internal policy on generating cardnumbers before providing them to self registered patrons. Once this is done the library can change the category to one that is more appropriate (be it an adult, resident, non resident, student, etc) and add a cardnumber/barcode.

Your account

If the opacuserlogin system preference is set to 'Allow', patrons can log in and access their account.

Once logged in patrons are brought to their account summary.

If patrons access the home page while logged in, and OPACUserSummary is set to 'Show', they will see a small summary of their account instead of the login fields.

If OpacRenewalAllowed set to 'Allow', patrons will be able to renew their checkouts from the OPAC.

If the patron has pending charges exceeding the value set in OPACFineNoRenewals, a note will display explaining that renewals cannot be made.

Hello, Joyce Gaines Click here if you're not Joyce Gaines

• Please note: You cannot renew your books online. Reason: Your fines exceed 1.00.

A note will display if the patron cannot place holds due to their charges exceeding the value set in the maxoutstanding system preference.

Please note: Your account has outstanding fees & charges of 12.50. Holds are blocked because your fine balance is over the limit.

If AllowPatronToControlAutoRenewal is set to 'Allow patrons', patrons will be able to choose whether or not they want their checkouts to be renewed automatically. If they choose 'Yes', items for which automatic renewal is enabled in the circulation rules will renew as expected. If they choose 'No', the automatic renewals that would have applied to this patron's checkouts will not take place.

If you would like your patrons to leave a note on an item they have checked out allowcheckoutnotes preference must be set to allow.

In the patron's summary of checkouts, there will be an added column to allow the patron to leave a note (for example: missing first page, or DVD is scratched). This note once confirmed by the patron will appear to the staff at the bottom of the staff interface's home page, and also when the item is checked in.

If their guarantee has allowed it via their privacy, or alternatively, if the staff is allowed to change this privacy setting in the staff interface with the

Patron flags

If you have flagged your patron's account they may see one of the following error messages at the top of their account.

Card marked as lost

 Please note: Your library card has been marked as lost or stolen. If this is an error, please take your card to the circulation desk at your local library and the error will be corrected.

• Patron address in question

 Please note: According to our records, we don't have up-to-date <u>contact information</u> on file. Please contact your librarian, or use the <u>online update form</u> to submit current information (*Please note:* there may be a delay in restoring your account if you submit online)

• Note

this error message will not include a link to the update form if you have OPACPatronDetails set to 'Don't allow'

• Patron marked restricted

 Please note: Your account has been frozen. Usually the reason for freezing an account is old overdues or damage fees. If <u>your account</u> <u>page</u> shows your account to be clear, please consult a librarian.

Your fines

If your library charges fines the next tab on the left is 'your fines'. Opening this tab will show the patron an entire history of their accounting at the library.

If you have OPACViewOthersSuggestions set to 'Show' then patrons will be able to search suggestions from the top of this list.

Your messaging

If your library has the EnhancedMessagingPreferences and the

EnhancedMessagingPreferencesOPAC preferences set to 'Allow' then your patrons will be able to choose which messages they receive from the library (with the exception of overdue notices which the library controls).

- These notices are:
 - Advanced notice: A notice in advance of the patron's items being due (The patron can choose the number of days in advance)
 - Item checkout: A notice that lists all the of the items the patron has just checked out and/or renewed, this is an electronic form of the checkout receipt
 - Hold filled: A notice when you have confirmed the hold is waiting for the patron
 - Item due: A notice on the day and item is due back at the library
 - Item check-in: A notice that lists all the of the items the patron has just checked in

Patrons can choose to receive their notices as a digest by checking the 'Digest only?' box along with the delivery method. A digest is a combination of all the messages of that type (so all items due in 3 days in one email) in to one email instead of multiple emails for each alert.

If the TranslateNotices preference is set to Allow the patron will also see an option to choose 'Preferred language for notices' with a dropdown list of available languages.

Important

You must choose a delivery method (SMS or email or phone) along with 'Digest only?' if you would like to receive a digest of the messages.

Your lists

If your library has the virtualshelves set to 'Allow' they will see the 'your lists' tab. From here your patrons can review public lists and create or edit their own private lists.

From here patrons can request a discharge

Discharge

What is a discharge?

This document certifies that you have returned all borrowed items. It is sometimes asked during a file transfer from a school to another. The discharge is sent by us to your school. You will also find it available on your reader account.

Warning: This request is only valid if you are in good standing with the library. Once the application is made, you can not borrow library materials.

Ask for a discharge

And will receive confirmation of their request.

Discharge

Your discharge request has been sent. Your discharge will be available on this page within a few days.

Your routing lists

If you are named as a recipient on any serial routing lists you will see them listed here. The following note is displayed "You are subscribed to the routing lists for following serial titles. If you wish to make changes, please contact the library".
Your interlibrary loan requests

If your library has the ILLModule preference set to 'Enable' patrons will have the option to make ILL requests when logged in to their OPAC account. From here they can view their existing requests and place new ones.

To place a new interlibrary loan request click on 'Create a new request' and choose a request form.

Interlibrary loan requests

Note

The options displayed are dependent on your ILL configuration. See the ILL backends wiki page at https://wiki.koha-community.org/wiki/ILL_backends further explanation.

Note

If you have entered copyright text in the ILLModuleCopyrightClearance preference the text displays here and you need to click 'Yes' to accept before continuing.

Complete the publication details as fully as possible. Depending on the form in use you may see the option to add Custom fields for additional information such as notes. Destination branch is a required field, this is the branch you would like the request to be sent to.

Click on 'Create' to submit your request to the library for processing.

Your submitted request will be listed with a status of 'New request'. Once processed the status will be updated to 'Requested'.

Click on 'View' to make changes or cancel your request.

You cannot edit the form details but you can add a note to request a modification and then click on 'Submit modifications' at the bottom of the screen. Your modification will be sent to the library for processing.

For new requests you will also have the option to 'Request cancellation'. Your request will be updated with the status 'Cancellation requested' and can then be removed by library staff. **Your recalls history**

If your library allows recalls, the patron can see all their past and current recalls they have requested and their various statuses in the 'your recalls history' tab.

Recalls history

Title	Placed on φ	Expires on $_{\mbox{$\ddagger$}}$	Pickup location $_{\rm \div}$	Status 💠	Due date	
"I Have a Dream" Speech King, Martin Luther,	07/12/2022	Never expires	Midway	Requested	Due to be returned by 07/26/2022	Cancel

A Cathedral Courtship Wiggin, Kate Douglas Smith,	07/12/2022	07/19/2022	Midway	Ready for pickup	Pick up by 07/19/2022	

The patron can cancel a recall by clicking the 'Cancel' button, provided that it is not already awaiting pickup.

Curbside pickups

If your library offers curbside pickup, the patron will be able to see their scheduled pickups under 'Curbside pickups'.

carborac	prentaps

Your pickups			
Pickup library	Schedule	Notes	Actions
Centerville	02/03/2023 14:40		Alert staff of your arrival
			⊘ Cancel this pickup

The patron has the option to indicate that they are outside the library by clicking 'Alert staff of your arrival'.

The patron also has the option to cancel their scheduled pickup with the 'Cancel this pickup' button.

If the 'Patron-scheduled pickup' setting is turned on in the curbside pickup configuration, the patron will be able to schedule their own curbside pickup appointment.

• The patron must first choose a library at which they want to pick up their items

ONOTE

Only libraries with curbside pickup enabled will be displayed in the drop-down menu.

Furthermore, if the 'Enable for waiting holds only' setting is turned on, only the libraries at which the patron has waiting holds will be enabled.

• The patron must then choose a date

O Note

Only dates with available time slots will be displayed.

• The possible pickup times will be displayed, depending on the day of the week

ONOTE

The number in parentheses under each time slot is the number of available appointments for that time. If the maximum number of appointments has been reached, based on the 'Maximum patrons per interval' setting in the curbside pickup configuration, the time slot will be greyed out and the patron will not be able to select it.

- The patron can optionally add a note about their pickup
- The patron must then click 'Schedule pickup' to save their appointment

Purchase suggestions

If your library has the suggestion preference set to 'Allow', patrons will have the option to make purchase suggestions in several areas in the OPAC.

If you are allowing everyone to see the purchase suggestions made by others with the OPACViewOthersSuggestions preference, there will be a link at the top of your OPAC under the search box.

There will be a 'Suggest for purchase' option in the detailed view of a bibliographic record.

And there will be a link in the Your purchase suggestions tab in the patron's account.

Clicking any one of these links will open the purchase suggestion form.

- The informational text at the top of the form can be replaced using the HTML customizations tool, display location OpacSuggestionInstructions.
- From the form only the 'Title' is required by default.
 - Mandatory fields can be set using the OPACSuggestionMandatoryFields system preference.
- The OPACSuggestionUnwantedFields system preference can be used to hide unnecessary fields.
- The item type list can be edited by editing the SUGGEST_FORMAT authorized value list.
- The 'Reason for suggestion' list can be edited by editing the OPAC_SUG authorized value list.
- You can change the text at the top of the form using the HTML customizations tool

Once the form is submitted the purchase suggestion will appear in the acquisitions module for the librarians to manage.

If a purchase suggestion has been ordered through the acquisitions module, the patron's purchase suggestion title will be clickable and bring the patron directly to the ordered record in the OPAC.
